ITALY

Antolini | Tech[®]

Antolini | Tech®

Antolini | Tech is a collection of porcelain slabs that recreates patterns, designs and veining of natural stones, in a way only Antolini knows best. As the undisputed leader in natural stone production, Antolini has the keenest eye to identify Mother Nature's most unique creations. Over 65 years of experience is culminated in the Antolini | Tech collection, resulting in the world's most realistic representation.

A composition of clay, sand, feldspar and kaolins are pressed and fired at extremely high temperatures to create a durable and versatile product. Antolini | Tech is a contemporary alternative for a wide range of both indoor and outdoor applications: from flooring and cladding to bathroom and kitchen countertops and backsplashes.

Antolini | Tech è la collezione di lastre in gres porcellanato ispirata alle trame, alle venature e ai tratti caratteristici della pietra naturale che solo Antolini è in grado di riprodurre in tutta la sua essenza e unicità.

Antolini, leader nel settore della pietra naturale, ha scelto di mettere a disposizione tutta la sua esperienza e conoscenza di oltre 65 anni di attività alla ricerca delle creazioni uniche di Madre Natura. Così nasce Antolini | Tech, la collezione capace di esprimere la bellezza assoluta dei materiali naturali con le caratteristiche di resistenza e adattabilità tipiche delle superfici in gres.

Una composizione di argilla, sabbia, feldspati e caolini viene pressata e cotta a temperature molto elevate per creare un prodotto estremamente durevole e versatile.

Antolini | Tech rappresenta una soluzione moderna e sofisticata per un'ampia gamma di applicazioni sia per interni che per esterni: dai pavimenti ai rivestimenti, fino ai piani per bagni e cucine.
